

REMARKS

The Examiner is respectfully requested to review this application which has been amended after a careful consideration of the Examiner's comments in the above-identified Office Action. In that Office Action, the Examiner rejected claim 1 on the basis that the terminology "generally circular contact" was not descriptive. Accordingly, the claims have been amended in accordance with the Examiner's comments and claims 1-3, as amended, are now considered to be in allowable form.

Respectfully submitted,

James V. Lapacek
